

22.12.2024

**Important information for
Newly registered candidates
under in-service category**

Refer Notification dated 21.12.2024 for Round 2 counseling.

In-service candidates are eligible for the choices/seats that are available to the candidates covered under state eligibility criteria.

This time, the newly registered candidates under in-service category will complete their choice filling before their verification by DMHS Rajasthan. Verification of newly registered candidates under in-service category will subsequently be done by DMHS Rajasthan after the round 2 choice filling gets over.

All newly registered candidates who are submitting application form in round 2 under in-service category (selecting service type as in-service) are required to specifically cross-check their eligibility as in-service candidate before filling the choices (in round 2) that are actually available to candidates covered under state eligibility criteria.

In case a newly registered candidate under in-service category is subsequently verified as non-service candidate by DMHS Rajasthan (and who is not covered under state eligibility criteria), and allotment to such a candidate is made on a seat meant for candidate under state eligibility criteria then round 2 allotment to such a candidate will automatically stand cancelled. All concerned newly registered candidates under in-service category are therefore required to be very careful while filling choices for round 2.
